Delany Products
1565 Avon Street Extended
Charlottesville, VA 22902

In 2012 W. W. Gay Mechanical was selected to test the newest Delany Products flush valve, the Saber. We received 20 valves and installed them in an industrial client's office and employee restroom.

Installation was simple and the valves easily fit the existing control stops. Delany's external regulating screw is an excellent feature which allowed us to fine tune the volume requirements of several water closets – saving our plumbers valuable time and effort.

We are very happy with the Saber flush valve and expect that satisfaction to continue.

Sincerely,

W. W. Gay Mechanical Contractor, Inc.
